Our school has taken us to an educational environmental tour to durshet forest lodge it was a best experience for us there.

When we reached there we had breakfast and then we had gone for tracking it was a fun experience in tracking then we have done archery, Tarzan jump archery was a best game to play and many more then we have done swimming we had a lot of fun in swimming.

After the adventurous experience we did our launch and comeback home the experience is still in my mind.

Your affectionate friend,

Abhishek patil
